Office Policies

Payment

Payment is due to Dr. Schroeder at the time of your appointment; she will generally collect it from you at the end of your visit.

Dr. Schroeder does not accept commercial insurance, but can provide you with a receipt that you may submit to your insurance company in an attempt to obtain reimbursement for "out-of-network" services. Please let her know if you would like a receipt.

Even if you have out-of-network benefits, certain diagnoses and/or treatment combinations may not be approved for coverage by your insurer. While payment is due to Dr. Schroeder at the time of your appointment, **Dr. Schroeder makes no guarantee that your insurance company will reimburse you.**

Rates:

Standard Appointment (40 Minutes) - \$175
Initial Appointment (Approx 60 Minutes) - \$175

Returned checks will incur an additional charge.

Cancellations / Missed Appointments

Please provide at least a 24-hour notice if you will be unable to keep your appointment.

Failure to keep your appointment and/or failure to provide 24-hours notice in the event of cancellation will result in a **\$125 missed appointment charge.**

Late Arrivals

Your appointment is scheduled for a specific block of time, and will end **on time** even if you arrive late.

Between Appointments

It is your responsibility to ensure that you have adequate access to any medication that may have been prescribed to you. Please contact Dr. Schroeder (or have your pharmacy contact her) should you run out of refills between appointments. If you are having problems with affording medication or with your prescription drug benefits, please contact Dr. Schroeder so we may consider an alternative.

If you are doing poorly and need to be seen sooner than we had originally planned, call Dr. Schroeder to schedule an extra appointment.

CALL 911 OR IMMEDIATELY REPORT TO THE NEAREST EMERGENCY DEPARTMENT if you are experiencing a significant mental health crisis such as acute suicidality or homicidality, bipolar mania, decompensated psychosis, etc.

If you have either been Hospitalized or seen in the Emergency Department for psychiatric reasons, please let Dr. Schroeder know by either contacting her yourself, or having a friend or family member contact her.
